Application Review and Decision Process

Awards are contingent on project eligibility, satisfaction of evaluation criteria, and funding availability, as well as Federal, state, and local statutes, regulations, policies, and contract requirements.

- Step 1** Staff Review. Community Services Division staff will perform a technical review of applications and prepare a technical summary and analysis for the [Human Services Commission](#) (HSC).

- Step 3** Staff will incorporate funding recommendations into the DRAFT First Amendment to the 2019 Annual Action Plan. (An annual action plan is developed to describe how the City will use that year's annual allocation of HUD formula funds to meet affordable housing and community development needs.)

- Step 4** Final Decisions. Following public review and comment on the DRAFT First Amendment to the 2019 Annual Action Plan, City Council will make the final funding awards through review and adoption of the 2020 Action Plan.

Notices of all public meetings will be published, posted online at <http://www.cityoffederalway.com/>. Please watch for these notices to confirm public meeting dates and times. General Subrecipient Requirements

If selected and awarded funding, your agency will be required to enter into a Subrecipient Agreement with the City of Federal Way outlining terms and conditions of funding for your agency and the City. The Subrecipient Agreement is a legally binding contract and failure to adhere to its terms and conditions can result in the termination and required repayment of the funding award.

All applicants should be familiar with the CDBG regulations relating to program income, asset use, and reversion. Applicants planning to acquire property should provide appraisal documentation and a copy of the purchase and sale agreement. Evidence of site control may also be required of funding recipients, depending on the type of activity.

If your agency is awarded funding, all of the documents identified in the Application Checklist and the following documentation will be required prior to the execution of your Subrecipient Agreement:

Scope of Service: This provides an overview of the project as described in the application, goals and objectives, and specific services (e.g., working hours, location of services, number of clients to be served) achievable based on the funding level approved by the City Council.

Project Budget and Budget Narrative: The budget lists the general uses of funds approved by the City Council. The narrative describes in detail how the funds will be used to support the project. Please note that funding is disbursed on a reimbursement basis.

Schedule of Performance: This schedule outlines the major milestones through project

completion.

Cultural Competence: The development of viable urban communities through the provision of decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low- and moderate-income, will be more effective when providers recognize and address the unique culture, language, and social literacy of diverse consumers and communities. The City of Federal Way is a community united amidst diversity, where each individual is respected, equally valued, equally needed, and equally cherished. Equality is not sameness, it is equivalent value. All agencies that contract with the City of Federal Way must demonstrate how strategies are used to ensure staff, at all levels, receives ongoing education and training in culturally and linguistically appropriate service delivery.

Additional Subrecipient Requirements

Readiness: Projects must display evidence of readiness to proceed. All funds must be in place and all land use requirements met prior to submission of application. Applicants must demonstrate that CDBG funds will be fully spent within the program year.

Indemnification: Agencies approved for funding must agree to defend, indemnify, and hold harmless the City, its officers, agents, and employees from and against all liability, claims, demand, losses, and expenses, including attorney's fees, original and on appeal, arising out of, or related in any way to the performance of the agreement.

Insurance: Agencies approved for funding will be required to obtain the following insurance coverage, each of which shall contain a provision that forbids any cancellation, changes or material alterations without prior notice to the City at least 30 days in advance. The insurance coverage shall be evidenced by an original certificate of insurance provided to the City prior to the execution of the Subrecipient Agreement. The required insurance is as follows:

- a. Commercial General Liability: \$1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage and \$2,000,000 in the Aggregate.
- b. Automobile Liability: \$1,000,000 combined single limit per accident for bodily injury and property damage.
- c. Professional Liability, Errors & Omissions: \$1,000,000, Per Claim and in the Aggregate.
- d. Workers Compensation: Statutory requirements for Washington State.
- e. Stop Gap or Employers Liability Coverage: \$1,000,000.

Licenses: Agencies approved for funding will be required to obtain a City of Federal Way business license.

Project Monitoring: Agencies approved for funding will be required to maintain and submit adequate information necessary to ensure program accountability and progress in accordance with the terms and conditions of the Subrecipient Agreement.

Fair Housing, Nondiscrimination, and Equal Opportunity: The City of Federal Way, in accordance with federal and state law and City policy, prohibits discrimination on the basis of race, color, national origin, religion, sex, gender identity, pregnancy, physical or mental disability, medical condition, ancestry, marital status, age, sexual orientation, citizenship, or service in the uniformed services. Agencies awarded funding will be required to comply with all applicable fair housing, nondiscrimination, and equal opportunity requirements.

Notification: All applicants will be notified of funding determinations. Receipt of an award letter

is not a Notice to Proceed and does not guarantee funding. Neither CDBG funds nor other funds may be obligated until an environmental review has been prepared by City staff and approved by HUD and the Subrecipient Agreement is signed by all parties. For capital projects, if any work has already begun, stop work and contact City staff. Please be aware that past funding does not guarantee future funding or funding at the same level.

Compliance with Applicable Laws, Rules, and Regulations: Agencies that are awarded funding must act in accordance with all applicable federal, State of Washington, and City of Federal Way laws, rules, and regulations. Applicants are strongly encouraged to be familiar with these requirements prior to submitting a funding request. These include, but are not limited to, the following:

Community Development Block Grant (CDBG) Program Requirements

Objectives of CDBG

The Housing and Community Development Act of 1974, as amended, has as its primary objective, the development of viable urban communities through the provision of decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low- and moderate-income. Recipients of CDBG funds must certify that their use of funds will address one of the three national objectives:

1. Benefit persons of low- and moderate-income, including those presumed to be low- and moderate-income as described at 24 CFR Part 570.208(a)(1)(ii)(A) and those who are able to supply appropriate evidence of low- and moderate-income status as described at 24 CFR Part 570.208(a)(1)(ii)(B). For area benefit activities described at 24 CFR Part 570.208(a)(1)(i), the project must have a direct impact on a primarily residential area in which the total population residing in the designated census tract block groups is at least 43.88 percent low- and moderate-income. The census tract block groups do not need to be coterminous, but must be the entire area served by the project. Note that the low- and moderate-income percentage is subject to change each year based on data supplied to the City by HUD.
2. Aid in the prevention or elimination of blight.
3. Meet other community development needs of particular urgency (usually the result of a natural disaster).

More detailed information on Eligible Activities and National Objectives can be found in the *Guide to National Objectives and Eligible Activities for Entitlement Communities* handbook. This document can be found on the U.S. Department of Housing and Urban Development web site at: <https://www.hudexchange.info/resource/89/community-development-block-grant-program-cdbg-guide-to-national-objectives-and-eligible-activities-for-entitlement-communities/>.

For CDBG-CV funds, projects must benefit low- and moderate-income persons.

Income Limits

Low- and moderate-income (LMI) is defined as having an income equal to or less than 80% of the area median income (AMI), adjusted for household size, as defined by HUD. The majority of CERF Projects will be required to benefit LMI persons and will typically qualify on an area benefit, limited clientele, or housing activity basis.

- Area Benefit Activity. An activity that benefits all residents in a particular area, where at least 51% of the residents are LMI persons. The service area of the activity must be primarily residential, and the activity must meet the identified needs of LMI persons.
- Limited Clientele Activity. An activity that benefits a specific group of people, at least 51% of whom are LMI persons. Activities qualifying under this category serve a specific clientele, rather than providing service to all the persons in a geographic area.
- Housing Activity. An activity that is undertaken for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by LMI households.

King County 2019 CDBG Income Limits Summary

(June 28, 2019)

Median Income King County	2019 Income Limit Category	1 Person	2 Persons	3 Persons	4 Persons	5 Persons	6 Persons	7 Persons	8 Persons
\$108,600	Extremely Low (30%) Income Limits	\$23,250	\$26,600	\$29,900	\$33,200	\$35,900	\$38,550	\$41,200	\$43,850
	Very Low (50%) Income Limits	\$38,750	\$44,300	\$49,850	\$55,350	\$59,800	\$64,250	\$68,650	\$73,100
	Low (80%) Income Limits	\$61,800	\$70,600	\$79,450	\$88,250	\$95,350	\$102,400	\$109,450	\$116,500

In many cases, facilities that provide “through service” capacity, as well as service to a targeted area, such as streets or utilities, are more complex and require more assessment. In these situations, a clear case must be made that the majority of usage, both current and future, will be by LMI persons.

City of Federal Way’s Consolidated Plan

The City is required to develop a Five-Year Consolidated Plan and an Annual Action Plan (Action Plan) for the use of these funds. The CDBG Program generally provides for a wide range of eligible activities. This NOFA process shall allow for a range of projects.

Consolidated Plan: <http://www.cityoffederalway.com/node/1674>

Eligible Applicants

1. Applicants must be incorporated public, nonprofit, or for-profit agencies able to implement the approved project serving residents of Federal Way and must have an active DUNS number.
2. Applicants must demonstrate the financial management and programmatic expertise to successfully develop, design, implement, and monitor the proposed project. This expertise can be demonstrated through previous experience in successfully developing projects similar to the one proposed, either by partners or key agency staff.
3. Applicants must be able to meet all federal, State of Washington, and City of Federal Way requirements relative to the CDBG program, specifically those concerning equal opportunity and fair housing, affirmative marketing, environmental review, displacement,

relocation, acquisition, labor, lead-based paint, conflict of interest, debarment and suspension, and flood insurance. Pertinent requirements are noted in General Subrecipient Requirements. All applicants should be aware that if funded, additional requirements will apply.

4. Applicants submitting applications to provide fair housing services on the behalf of the City of Federal Way must be able to report on their progress in addressing the impediments identified in the current effective Analysis of Impediments to Fair Housing Choice, available at <http://www.cityoffederalway.com/node/1674>.

Eligible CDBG Activities

The City of Federal Way is interested in receiving proposals for the following type of projects, which must document response to COVID-19 and ensure funds do not create a duplication of benefits. While many types of projects may be funded with CDBG funds, due to the nature of the CDBG-CV funds and connection to COVID-19, the City is prioritizing public services and economic development activities.

- **Economic Development.** Activities which create and retain employment, for low- and moderate-income people, by providing funds for support of economic development efforts. Funds can be used for assistance to microenterprise businesses.
- **Public Services.** CDBG funds can be used to fund a wide range of public service activities including, but not limited to, employment services, health services, fair housing counseling, energy conservation, services for senior citizens, and others. Public services must be new, previously unfunded, or provide a quantifiable increase in the level of service.

Ineligible Activities

Pursuant to 24 CFR 570.207, the following activities are not eligible:

1. Funds spent on buildings used for the general conduct of government, except to remove architectural barriers to the mobility or accessibility of elderly persons or of adults meeting the Bureau of the Census Current Population Report definition of "severely disabled."
2. General government expenses.
3. Political activities.
4. *Purchase of equipment (e.g., vehicles, computers, machines, furniture).
5. *Purchase of furnishings and personal property.
6. New housing construction (certain costs in support of affordable housing development are allowed).
7. Maintenance and operating expenses, unless necessary for providing an eligible service.
8. *Income payments, such as housing allowances, down payments, and mortgage subsidies, except emergency grant payments made over a period of up to three

consecutive months to the provider of such items or services on behalf of an individual or family.

*Under certain circumstances these kinds of activities may be eligible for CDBG funds. Please contact city staff to discuss your proposal.

Frequently Asked Questions

1. *Will we be held to the budget, timeline, and goals in the application?*
Yes. All will be part of your agreement with the City.
2. *What if something happens and we need to change our budget, timeline, or goals?*
An amendment to the agreement can be executed if there are legitimate reasons for doing so. However, you should not count on this, particularly if your agency wants an amendment because it did not begin the project on time or has changed its mind about the project scope or budget.
3. *Will we get the full amount of funding requested?*
If funded, projects may receive full or partial funding depending on the nature of the project, amount requested, funds available, and NOFA evaluation criteria results. If your project is not viable without full funding, make sure to indicate this fact on your application.
4. *Are leveraged/matching funds required?*
No. Federal, state, local, or private sources are not required, but are strongly encouraged.
5. *When will we know whether we will be funded? When can we spend the money?*
The City anticipates making preliminary award notification in June 2020. Funding is dependent on approval and may not be available in June.
6. *Can we spend our money now and be reimbursed by CDBG funds later?*
Possibly. If you commit or expend funds before receiving notice to proceed or having a plan approved by the City, you will not be eligible for reimbursement at any time.
7. *Will we hear from you even if our application does not receive funding?*
Yes. All agencies will be notified in writing whether their application will be fully or partially funded or not funded at all.
