"Cats" Themed Utility Box

"Traffic Graffiti" Utility Box Project

The City of Federal Way supports the arts. One of our newest ventures is our "Traffic Graffiti" Art Utility Box Project. These metal boxes are ubiquitous in our city and are often tagged or vandalized. The "Traffic Graffiti" seem to discourage tagging and graffiti and provides public art and fun to our city. They are a way to use art to strengthen Federal Way's identity and sense of community. The art utility boxes are an innovative way to have public art in public spaces right where people can see it, not hidden away in a gallery. Everyone can enjoy the art as they travel around our fair city.

The Federal Way Arts Commission is accepting applications from local artists for innovative designs and family-oriented illustrations with bold shapes and bright, fun colors to decorate utility boxes across the city. We are offering a \$400 stipend for images used for the project. Applicants are invited to submit up to three conceptual renderings for consideration. They may be a sketch or a completed illustration done with any media.

Interested artists may submit illustrations that fit the theme of the box and the size and shape restrictions for one or more boxes. The selection committee will evaluate then choose from the artwork submitted and assign box locations, as applicable. Selected artists will be contacted to discuss the next step in getting art on the boxes. Final artwork will be digitized, transferred to vinyl, and installed on the utility box. Your artwork could be seen and enjoyed 24 hours a day for years as people drive by.

*This is the actual box to be wrapped with CATS artwork.
The location is 312th and 23rd.*

Procedure for applications:

Submit an image/application for the current theme in a horizontal 15x5 image:

The current theme is: "Cats".

Selection Committee

Federal Way Art Commission selection committee will select winning entries based on the following criteria:

1. Overall strength and visual appeal of design concept.
2. Relevance to project theme.
3. Artistic excellence and innovation.
4. Appropriateness for designated location, size, and shape. The illustration must fit the size and proportions of each box.
